

Oceania Remote Control Land-Yacht Assn

Official National Registration Body for

Australia New Zealand Indonesian Islands Fiji

Membership Application

Instructions

Only 1 Unique Sail number will be issued to an individual for all yachts owned and sailed by that individual

If Clubs apply for Numeric Blocks of numbers Eg: AUS100-110 Then a separate form for each person using a number in that range must be registered with ORCLY. On termination of membership that number must be relinquished, if reassigned a new form must be presented to ORCLY accompanied by a letter to cancel previous members information so that the registry can be updated.

When in National or International competitions You may only use display and enter the ORCLY registration number on your sails and entry forms. Numbers issued by bodies other than ORCLY will not be accepted.

ORCLY is associated in part of the International Registration Association (IRCSSA) However numbers issued by IRCSSA are invalid for AUST, NZ IND and FIJ competitive events.

WELCOME ABOARD Our National Registration Body!!!

SAIL LETTERS "AUS" "AU" "NZ" "IND" FIJ are protected by Australian copyright registration and may not be legally issued or used on any land-yacht entered in competitions held in those countries to which the lettering applies. This is without having registered the number and lettering with the national Body of ORCLY which is the registration body for the whole of Oceania.
